SUBJECT INDEX

A likelihood approach to HLA serology 311
Abstracts of Oral Presentations at the Third Annual Meeting of the British Society for Histocompatibility and Immunogenetics 57
Abstracts of Poster Presentations at the Third Annual Meeting of the British Society for Histocompatibility and Immunogenetics 63
Africans, mannan-binding proteins in 403
Allele, DQB1*0602, HLA-DR2-related haplotypes and multiple sclerosis 11
Alleles, molecular typing of HLA-DQ 373
  naming of new 96, 328
  oestrous cycles of mice and 361
Alleles in multiple sclerosis in Northern Ireland 323
Alleles in traditional Australians and Asian-Oceanics 263
Allele-specific oligonucleotide typing for class II — the way forward: Commentary (BSHI) 171
Amyloidosis, and C5 deficiency in A/J mice 419
Analysis of DQA/DQB haplotypes 373
Ancestral haplotypes, BAT1 polymorphism and 121
Antigens, broad, splits and associated 118, 343
  unassigned 119, 344
Anti-DR alloreactive T-cell clones 21
Asia-Oceania, HLA-DR6 haplotypes in 263
ASO typing for class II; — the way forward: Commentary (BSHI) 171
Australians, HLA-DR6 haplotypes in 263
Autoimmune disease, BAT1 polymorphism and ancestral haplotypes 121
A/J mice, C5 deficiency in 419

B2m genes, lack of expression of class I determinants in LR.4 141
BAT1 polymorphism and ancestral haplotypes 121
Blood concentrations of MBP in Eskimos and Africans 403
Blood group A individual, heterogeneous expression of blood group A1 1
Bovine MHC class II polymorphism, characterization of 253
British Society for Histocompatibility and Immunogenetics,
  Abstracts of Oral Presentations at the Third Annual Meeting 57
  Abstracts of Poster Presentations at the Third Annual Meeting 63
  Abstracts of the Fourth Annual Meeting 433
  Commentary: Non-radioactive ASO typing for class II – the way forward 171
  Minireview: Complexity in the major histocompatibility complex 45
  Typing for class I HLA polymorphism 347
Broad, splits and associated antigens 118, 343

C5 deficiency in A/J mice 419
Cancer, gastric, heterogeneous expression of blood group A-determinant 1
Cell lines, origin of, ECBR 182
Cells, recommended handling of frozen, ECBR 185
Characterization of bovine MHC class II polymorphism 253
Chinese, HLA-DR2-related haplotypes and multiple sclerosis 11
Chinese homozygous cells, DQ gene sequencing in 287
Cholangitis patients in Israel, HLA in 295
Class I determinants in LR.4, lack of expression of 141
Class I HLA polymorphism, typing for (BSHI Minireview) 347
Class II, non-radioactive ASO typing for — the way forward: Commentary (BSHI) 171
Common variable immunodeficiency, diversity of Ig gene in 273
Complement C4 and steroid 21-hydroxylase genes in RSA 413
Complete listing of reconised HLA specificities 117, 342

Complexity in the major histocompatibility complex, (BSHI Minireview) 45
Cross reactive anti-DR alloreactive T-cell clones 21
CVID, diversity of Ig gene on 273

Dermatitis herpetiformis, immunogenetics of 129
Designation of HLA-A, -B and -C alleles 109, 334
Designation of HLA-DP alleles 115, 340
Designation of HLA-DQ alleles 114, 339
Designation of HLA-DR alleles 112, 337
Diallelic polymorphism and MBP in Eskimos and Africans 403
Diversity of Ig gene in common variable immunodeficiency 273
DNA methylation of H-2 genes, lack of expression of class I determinants in LR.4 141
DNA rearrangements and common variable immunodeficiency 273
DNA typing of HLA-DQ alleles 373
DQ gene sequencing in Chinese homozygous cells 287
DQB1*0602 allele, HLA-DR2-related haplotypes and multiple sclerosis 11
DR determinants, cross reactive anti-DR alloreactive T-cell clones 21
DRB1 haplotypes in Algerian IDDM patients 381

ECBR 182
ECBR lines, immunogenetic characterization of 184
production and characterization of 183
ECBR-submission form for lymphoblastoid cell lines 187
Embryo transfer, *in utero* suppression of κ2 isotype 33
Eskimos, mannan-binding proteins in 403
European Collection for Biomedical Research 182

Factors of the HLA system, 1991 95, 327
Friend retrovirus-induced leukaemia, mapping of R*fv*-1 gene using mutant and transgenic mice 159
Frozen cells, recommended handling of, ECBR 185

Gastric cancer, heterogeneous expression of blood group A1 1
Genotype and the reproduction of mice 361

Haplospecific polymorphisms of BAT1 121
Haplotypes, ancestral, BAT1 polymorphism and 121
HLA-DR2-related, and multiple sclerosis 11
MHC, polymorphism in the human B144 gene in different 165
Haplotypes in Algerian IDDM patients 381
Haplotypes in Asia-Oceania 263
Haplotypic polymorphisms of BAT1 121
Heavy chain variable genes, monomorphic organization of human diversity (D_H) 303
HLA genes, naming of new 95, 327
HLA in primary sclerosing cholangitis patients in Israel 295
HLA polymorphism, typing for class I (BSHI Minireview) 347
HLA region, names for genes 108, 333
HLA serology, a likelihood approach 311
HLA specificities, complete listing of reconised 117, 342
HLA system, 1991, nomenclature for factors of the 95, 327
HLA-A, -B and -C alleles, designation of 109, 334
HLA-DP alleles, designation of 115, 340
HLA-DP genes and juvenile dermatitis herpetiformis 129
HLA-DPB1 and multiple sclerosis in Northern Ireland 323
HLA-DR prescreening, molecular 391
HLA-DR2-related haplotypes and multiple sclerosis 11
HLA-DR6 haplotypes in Asia-Oceania 263

Homozygous *bas*/*bas* rabbits, *in utero* suppression of κ2 isotype through embryo transfer 33
Human B144 gene, polymorphism in the, in different MHC haplotypes 165
Human diversity (D_H) heavy chain variable genes, monomorphic organization of 303
Human gastric cancer, heterogeneous expression of blood group A1 1
Human TNF-B gene, *Asp* HI digest and the 425

IDDM patients, DRB1 haplotypes in Algerian 381
IEF, characterization of bovine MHC class II polymorphism 253
Ig gene, diversity on common variable immunodeficiency 273
Immunogenetic characterization of ECBR lines 184
Immunogenetics of dermatitis herpetiformis 129
Immunoglobulin gene, diversity on common variable immunodeficiency 273
Immunoglobulines and juvenile dermatitis herpetiformis 129
In utero suppression of κ2 isotype through embryo transfer 33
Insulin-dependent diabetes mellitus patients, DRB1 haplotypes in Algerian 381
Isoelectric focusing, characterization of bovine MHC class II polymorphism 253
Isotype, κ2, *In utero* suppression through embryo transfer 33

Juvenile dermatitis herpetiformis, immunogenetics of 129

κ2 isotype, *In utero* suppression through embryo transfer 33

Leukaemia, friend retrovirus-induced, mapping of R*fv*-1 gene using mutant and transgenic mice 159
LR.4, lack of expression of class I determinants in 141

Mannan-binding proteins in Eskimos and Africans 403
Mapping of the R*fv*-1 gene using mutant and transgenic mice 159
MBP in Eskimos and Africans 403
MHC alleles, oestrous cycles of mice and 361
MHC class II polymorphism, characterization of bovine 253
MHC located complement C4 and steroid 21-hydroxylase genes in RSA 413
Mice, C5 deficiency in A/J 419
mapping of the R*fv*-1 gene using 159
Minireview (BSHI): Complexity in the major histocompatibility complex 45
Typing for class I HLS polymorphism 347
Molecular analysis of HLA in primary sclerosing cholangitis patients in Israel 295
Molecular HLA-DR prescreening 391
Molecular typing of HLA-DQ alleles 373
Multiple sclerosis, HLA-DR2-related haplotypes and 11
Multiple sclerosis in Northern Ireland, HLA-DPB1 and 323

Newly recognised serological specificities 116, 341
Nomenclature for factors of the HLA system, 1991 95, 327
Non-radioactive ASO typing for class II — the way forward: Commentary (BSHI) 171
Nucleotide sequencing in Chinese homozygous cells 287

Oestrous cycles of mice and MHC alleles 361
Oligonucleotides in molecular HLA-DR prescreening 391
One-step molecular HLA-DR prescreening 391

Polygenic influences on the reproduction of mice 361
Polymorphism, BAT1, and ancestral haplotypes 121
Polymorphism, characterization of bovine MHC class II 253
typing for class I HLA (BSHI Minireview) 347
Polymorphism and *Asp* HI digest 425
Polymorphism and MBP in Eskimos and Africans 403

Polymorphism in the human B144 gene in different MHC haplotypes 165
Presentations at the Third Annual Meeting of the British Society for Histocompatibility and Immunogenetics 57
Primary sclerosing cholangitis patients in Israel, HLA in 295
Production and characterisation of ECBR lines 183
Promoter region varients 99, 331

Rabbits, homozygous *bas/bas, in utero* suppression of κ2 isotype through embryo transfer 33
Recombinant families, ECBR 233
Recommended handling of frozen cells, ECBR 185
Recurrent spontaneous abortions, MHC located complement C4 and steroid 21-hydroxylase genes in 413
Restriction fragment length polymorphism, characterization of bovine MHC class II 253
Restriction fragment length polymorphism and *Asp* HI digest 425
Retrovirus-induced leukaemia, mapping of R*fv*-1 gene using mutant and transgenic mice 159
RFLP, characterization of bovine MHC class II 253
RFLP and *Asp* HI digest 425
Rfv-1 gene, mapping using mutant and transgenic mice 159
RNA expressions and common variable immunodeficiency 273

Sclerosing cholangitis patients in Israel, HLA in 295
Serological analysis of HLA in primary sclerosing cholangitis patients in Israel 295
Serological specificities, naming of new 96, 328
newly recognised 116, 341
Serology, a likelihood approach 311
characterization of bovine MHC class II polymorphism 253
Steroid 21-hydroxylase genes and MHC located complement C4 in RSA 413

TCR chains, cross reactive anti-Dr alloreactive T-cell clones 21
TCR-αβ sequences of cross reactive anti-DR alloreactive T-cell clones 21
Tetramethylammonium chloride hybridization in molecular HLA-DR prescreening D
TNF-B gene, *Asp* HI digest and the human 425
Transgenic mice, mapping of the R*fv*-1 gene using 159
Typing for class I HLA polymorphism, (BSHI Minireview) 347
Typing methods, characterization of bovine MHC class II polymorphism 253
T-cell clones, cross reactive anti-DR alloreactive 21
T-cell lymphoma L5178Y, lack of expression of class I determinants in LR.4 141
T-cell receptor chains, cross reactive anti-Dr alloreactive T-cell clones 21
T-cell receptor-αβ sequences of cross reactive anti-Dr alloreactive T-cell clones 21
